

Midwest Digital Customer/Dealer Buyback Form

Dear Dealer,

1. We appreciate as much detail as you can provide. By having an adequate amount of information, we can respond quickly and can "fine tune" our pricing to offer your customer the best possible quotation.
2. Please fill out all forms. Do not forget the sub-model number and color for all telephone sets. HINT: some PBX and key systems can generate a system self inventory list. This is normally a very reliable source of inventory detail.
3. Please double check the Right to Use/Transfer software agreement.
4. Please, if you are going to print this form to fax it, Print legibly.

Once again, Thanks for using Midwest and good luck with your sale. Please do not hesitate to call (800-423-5466) if you need any assistance.

Please fax back this form to 888-4-BUYBAK
